Stock Exchange and Media Release**29 November 2005**

**BRAMBLES ACQUISITION OF AUSDOC:
SATISFACTION OF CONDITIONS**

On 13 October 2005, Brambles announced that it had agreed to purchase AUSDOC, the Melbourne based information management business, for A\$260 million (£112 million) in cash. The announcement stated that the acquisition was conditional on approval from the Australian Competition and Consumer Commission and Foreign Investment Review Board.

We wish to advise that both these approvals have now been obtained. Completion of the acquisition of AUSDOC is expected to take place on 15 December 2005.

BRAMBLES TO FOCUS ON CHEP AND RECALL AND UNIFY DLC

Brambles announced today that it will be taking steps to streamline the Brambles Group and unify its dual-listed companies ("DLC") structure by the creation of a new single holding company focused on its premium growth businesses, CHEP and Recall.

The key elements of today's announcement are:

- a focus on growing CHEP and Recall;
- the divestment of Brambles' other businesses – Cleanaway, Brambles Industrial Services ("BIS") and the Regional Businesses;
- the simplification of Brambles' corporate structure by unifying the DLC under a single Australian holding company with a primary listing on the Australian Stock Exchange ("ASX") and a secondary listing on the London Stock Exchange ("LSE");
- a review of Brambles' corporate structure in expectation of achieving significant annual cost savings; and
- the release of at least A\$2.8 billion (£1.2 billion) of surplus capital which will be used to acquire shares via on-market share buy-backs or purchases or via a cash alternative on unification of the DLC.

The proposed divestments and unification of the DLC are expected to be completed within 12 months.

The Chairman of Brambles, Don Argus, said: "The Board believes that focusing the Brambles Group on its key businesses with premium growth potential under a simplified corporate structure will provide a solid platform for building long term shareholder value.

"The formation of the DLC in 2001 was essential to the integration of all the Brambles businesses under common ownership and control. This has facilitated the strong turnaround in Brambles over the past two years, enabling us to reposition Brambles with a focus on CHEP and Recall.

"Following the proposed divestments, the Board has decided that it will be appropriate to unify the DLC in a way that will leave shareholders with the same economic interest as they now hold.

"The proposed unification will reduce complexity and costs, provide greater strategic flexibility, enhance Brambles' position as a leading company on the ASX and eliminate the differential between the share prices of Brambles Industries Limited on the ASX and Brambles Industries plc on the LSE."

The Chief Executive Officer of Brambles, David Turner, said: "The decision to focus on CHEP and Recall through the divestment of Cleanaway, Brambles Industrial Services and the Regional Businesses is a significant event in the development of Brambles which will allow us to further optimise capital allocation and maximise value for Brambles' shareholders.

"This opportunity has been created by the strong performance of CHEP, the improving performance of the other businesses and attractive market conditions.

"Both CHEP and Recall continue to have significant growth opportunities in their respective markets.

"Today's announcement underpins our commitment to grow our businesses while improving returns."

Strategic rationale

Following a strategic review, the Board has decided that Brambles should focus on CHEP and Recall and divest its other businesses – Cleanaway, Brambles Industrial Services and the Regional Businesses.

Brambles will be more streamlined following the completion of the divestments and is also expected to have substantial surplus capital. The Board has concluded that, as a result, the DLC structure will no longer be appropriate and it intends to unify the DLC under a new single holding company.

This will result in significant benefits for shareholders. In particular, it will:

- focus Brambles' resources on its premium growth assets, with the objective of achieving higher returns on capital invested;
- provide an opportunity, in strong market conditions, to realise attractive prices for strategically well-positioned assets;
- enable the release of surplus capital which will be used to acquire shares via on-market share buy-backs or purchases or via a cash alternative on unification of the DLC;
- further streamline Brambles, achieving significant annual cost savings; and
- concentrate Brambles' capital in a single market, the ASX, which should result in an increase in index weighting.

It will also eliminate the differential in share prices between Brambles Industries Limited ("BIL") and Brambles Industries plc ("BIP"). At the close of business on 25 November, the price of BIP shares was 8.9%¹ lower than the price of BIL shares. Over the past 12 months, the differential has ranged from 6.4% to 13.0%.

Due to the cost savings resulting from unification and the proposed on-market share buy-backs and purchases, the net impact of the divestments on earnings per share in the year following unification of the DLC is expected to be broadly neutral. Overall, the restructuring is expected to enhance returns on capital invested.

CHEP and Recall

CHEP and Recall together contributed 54% of Brambles' sales and 72% of Brambles' comparable operating profit in the 2005 financial year.

Over the three years to 30 June 2005, CHP and Recall combined have:

- grown sales from A\$4.0 billion (£1.4 billion) to A\$4.4 billion (£1.8 billion) - compound annual growth 10%, with CHP at 10% and Recall at 11%;
- increased comparable operating profit from A\$678 million (£247 million) to A\$831 million (£337 million) - compound annual growth 12%, with CHP at 13% and Recall at 9%; and
- improved cash flow from operations from A\$103 million (£61 million) to A\$946 million (£388 million).

CHP is the largest business within Brambles and is positioned for further growth and continuing operational improvements.

CHP increased its comparable operating profit by 31% in the 2005 financial year and was the major contributor to Brambles' 20% increase in comparable operating profit in that year.

Every CHP region improved profitability and cash flow during 2005, with CHP Americas delivering a particularly strong result. CHP has continued to perform strongly in the first four months of the 2006 financial year.

Recall improved sales in all regions in the 2005 financial year and delivered a solid 14% improvement in comparable operating profit. Notwithstanding a slow start, Recall is expected to grow sales and profits for the full 2006 financial year.

Recall is well positioned to capitalise on growth opportunities and industry consolidation, as highlighted by the announcement in October 2005 of the acquisition of AUSDOC, the Melbourne-based information management business.

Businesses to be divested

In October, Brambles announced the sale of Cleanaway Germany to SULO, the Germany-based waste management group, for A\$893 million (£387 million) in cash.

Further businesses to be divested are: Cleanaway (UK, Australia, New Zealand and Asia); Brambles Industrial Services (Northern Hemisphere and Australia); and the Regional Businesses (Interlake, Eurotainer and TCR).

For the year ended 30 June 2005, these further businesses generated sales of A\$2,881 million (£1,168 million) and comparable operating profit of A\$230 million (£93 million). These businesses had net assets of A\$1,458 million (£618 million) as at 30 June 2005.

In the four months to 31 October 2005, these businesses have shown a marked improvement in profitability, as is shown in the following table:

	FY05 Sales A\$million	FY05 Comparable operating profit A\$million	Change in Comparable operating profit year to date ¹	Net operating assets as at 30 June 2005 ² A\$million
Cleanaway (UK, Australia, NZ and Asia)	1,810	113	+27%	731
BIS (Northern Hemisphere and Australia)	742	94	+12%	542
Regional Businesses	329	23	+7%	184
TOTAL	2,881	230		1,457

¹ Change in comparable operating profit (defined as profit before interest, tax, goodwill amortisation and significant items) for 1 July 2005 to 31 October 2005 compared with 1 July 2004 to 31 October 2004 based on unaudited management accounts

² Segmented net operating assets before financing and tax as shown in Note 3 to the Combined financial information of BIP for the year ended 30 June 2005 translated into Australian dollars

Unification of the DLC

It is envisaged that a newly formed Australian company ("New Brambles") will acquire all the outstanding shares in BIL and BIP on a one-for-one basis under separate schemes of arrangement ("Schemes"). BIL and BIP shareholders will therefore have the same economic interest in New Brambles as they currently have under the DLC structure. The Schemes will require separate approval by BIL and BIP shareholders, relevant regulatory authorities and courts in Australia and the United Kingdom.

In addition, through the Schemes, shareholders in BIL and BIP will be offered a cash alternative for part or all of their shareholdings ("Cash Alternative"). The total amount of cash available under the Cash Alternative will depend on the amount of surplus capital released by the divestments. Shareholders will be able to elect to participate in the Cash Alternative. If elections exceed the total surplus capital available, participation in the Cash Alternative will be scaled back pro rata.

The Cash Alternative is expected to be priced at or around the prevailing market prices at the time of unification.

Following completion of the restructuring, Brambles will have a capital structure consistent with a strong investment grade credit.

On-market share buy-backs

In recognition of the fact that share purchase opportunities may arise which are in the best interests of Brambles' shareholders, Brambles may carry out on-market share buy-backs and/or purchases pre- and post-unification of the DLC.

Details of the on-market share buy-backs and purchase arrangements are set out in a separate announcement.

Dividend policy

Dividends per share in 2006 are expected to be no less than the A\$0.215 declared in respect of 2005. Brambles will maintain its progressive dividend policy.

This announcement of the proposed unification is made in accordance with Rule 2.4 of the UK City Code on Takeovers and Mergers ("Code") and does not amount to a firm intention to make an offer in accordance with the Code.

Note:

All figures in this announcement are presented in UK GAAP and quoted at actual exchange rates.

All compound annual growth rates are calculated using June 2005 fixed exchange rates. All other percentages are calculated in Sterling constant currency.

Comparable operating profit is defined as profit before interest, tax, goodwill amortisation and significant items:

UK Dealing Disclosure Requirements

The announcement of the unification of the DLC triggers a UK requirement for the inclusion of the following statement pursuant to the UK City Code on Takeovers and Mergers ("Code"):

Under the provisions of Rule 8.3 of the Code, if any person is, or becomes, "interested" (directly or indirectly) in 1% or more of any class of "relevant securities" of BIP or BIL, all "dealings" in any "relevant securities" of the relevant company (including by means of an option in respect of, or a derivative referenced to, any such "relevant securities") must be publicly disclosed by no later than 3.30 pm (London time) on the London business day following the date of the relevant transaction. This requirement will continue until the "offer period" otherwise ends. If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire an "interest" in "relevant securities" of BIP or BIL, they will be deemed to be a single person for the purpose of Rule 8.3.

Under the provisions of Rule 8.1 of the Code, all "dealings" in "relevant securities" of BIP or BIL, or by any of their respective "associates", must be disclosed by no later than 12.00 noon (London time) on the London business day following the date of the relevant transaction.

A disclosure table, giving details of the companies in whose "relevant securities" "dealings" should be disclosed, and the number of such securities in issue, can be found on the Takeover Panel's website at www.thetakeoverpanel.org.uk.

"Interests in securities" arise, in summary, when a person has long economic exposure, whether conditional or absolute, to changes in the price of securities. In particular, a person will be treated as having an "interest" by virtue of the ownership or control of securities, or by virtue of any option in respect of, or derivative referenced to, securities.

Terms in quotation marks are defined in the Code, which can also be found on the Panel's website. If you are in any doubt as to whether or not you are required to disclose a "dealing" under Rule 8, you should consult the Panel.

Issued share capital

As at the date of this announcement, the number of ordinary shares in BIL (International Securities Identification Number (ISIN) AU000000BIL1) is 971,472,067 and the number of ordinary shares in BIP (ISIN GB0030616733) is 725,524,716. The combined issued share capital of Brambles is 1,696,996,783 shares.

FACT SHEET

CHEP

CHEP is the global leader in pallet and container pooling services. Its growth is driven by the outsourcing of pallet ownership and management by major pallet users throughout the world. CHEP's 300,000 customers benefit from the use of pallet pools which allow the supply chains served by CHEP to operate more efficiently.

CHEP started business in Australia in the mid 1950s and now operates in 42 different countries, owning over 265 million pallets and containers. The success of this business model allows ongoing CHEP sales growth together with improved operational efficiencies, leading to increased shareholder value.

Recall

Recall is a world leader in document and information management, retention and secure destruction, operating in 23 countries. Its growth is based on an increasing trend by businesses and the professions to "outsource" the storage and rapid access of data. This underpins Recall's growth and the business continues to achieve enhanced value by operational effectiveness.

Cleanaway

Cleanaway UK is one of the largest collectors of municipal, industrial, commercial and trade waste in the UK. Cleanaway UK has a secure income stream with many long-term contracts in place, providing earnings visibility and stability. Its municipal business is the number one provider of services to UK local authorities, with over 80 contracts.

Cleanaway Australia is the number one operator in the Australian waste collection market. Its municipal contracts are generally long term contracts, with the top 20 representing 60% of sales, and it also has numerous long term Commercial and Industrial contracts.

Brambles Industrial Services

Brambles Industrial Services provides customised support services to the resources and steel manufacturing industries, including on-site process management, material handling, specialised logistics, heavy equipment and environmental services.

It has a strong business base and A\$2.2 billion (£1 billion) of contracted sales with high contract renewal rates and consistent cash flows.

BIS operates mainly with the steel industry in the Northern Hemisphere – the United Kingdom, France, the Netherlands and the USA – while in Australia it supports a number of customers in the steel, mining, coal, oil and gas industries, including BlueScope Steel, WMC Resources, OneSteel, Minara and Xstrata.

ANNOUNCEMENT OF ON-MARKET SHARE BUY-BACKS AND PURCHASES

We refer to today's announcement by Brambles of its intention to divest certain businesses, unify the dual listed companies structure and conduct on-market share buy-backs and purchases. Brambles may undertake the proposed on-market share buy-backs and purchases in the following ways:

1. Brambles Industries plc ("BIP"), pursuant to the general authority granted at the 2005 AGM, may make market purchases (within the meaning of Section 163(3) of the UK Companies Act 1985) of ordinary shares in BIP at any time during the ordinary course of trading on the London Stock Exchange ("LSE"). The maximum total number of BIP ordinary shares which may be purchased by BIP is 72,439,640. Details of the proposed market purchases are set out in Attachment 1.
2. BIP may have insufficient distributable reserves to carry out a substantial buy-back programme. Accordingly, Brambles Industries Limited ("BIL") or one of its subsidiaries may make market purchases of ordinary shares in BIP at any time during the ordinary course of trading on the LSE. Market purchases of BIP shares by BIL or its subsidiaries are currently intended to adhere to the parameters of BIP purchasing its own shares, as detailed in Attachment 1. Further details concerning these proposed market purchases are set out in Attachment 2.
3. BIL may also make offers to purchase ordinary shares in BIL at any time after 14 December 2005 during the ordinary course of trading on the Australian Stock Exchange ("ASX"). Offers will be made in accordance with the ASX Listing Rules and Section 257B of the Corporations Act 2001. Details of the proposed buy-back are set out in Attachment 3.

The period during which on-market buy-backs and market purchases of BIL and BIP shares may occur will cease on the date on which the dual listed companies are unified under schemes of arrangement or as otherwise notified.

Details of the issued share capital of BIL, BIP and the Brambles Group and relevant International Securities Identification Numbers are also detailed in Attachment 1.
